

Flymen Hook & Bead Compatibility Guide

Version 2.0

Welcome to the Flymen Hook & Bead Compatibility Guide!

This first version of the Guide is the result of an open fly tying community project initiated by Flymen Fishing Company and the Flymen Pro Fly Tying Team that consists of over 40 professional fly tiers.

The objective is to develop and share this Guide as a useful worldwide community resource to help fly tiers quickly and easily determine if a hook brand, model and size is compatible with a specific size brass or tungsten fly tying bead. To date almost 600 individual hooks have been tested!

The Guide is free of charge to use, enjoy and share with your friends!

The Guide is by no means complete! The Project is now open to the public fly tying community and we invite you to participate and contribute towards the ongoing development of this Guide as a useful community resource. It will be updated periodically, so please keep checking for updates.

Happy Tying!

Contributors

We wish to thank the following members of the Nymph-Head Pro Team and other contributors for their participation and valuable contributions to the project: Vern-O Burm, Anthony Giaquinto Jr, John Collins, Bob Patlen, Leslie Wrixon, Rob Galante, Roy Christie, Dan Caruso, Jim Froio, Martin Bauden, John Baracchi and Bill Chase from the Angler Sport Group www.anglersportgroup.com.

Disclaimer

The information contained in the Flymen Hook & Bead Compatibility Guide is for general information purposes only. The information and testing results it contains are provided by many different individuals and while we endeavor to ensure the information is correct, the nature of an open community project is that we accept the accuracy of contributions on good faith. Flymen Fishing Company makes no representations or warranties of any kind, express or implied, about the completeness, accuracy, reliability, suitability or availability with respect to content contained in the Guide for any purpose. Any reliance you place on such information is therefore strictly at your own risk. In no event will we be liable for any loss or damage including without limitation, indirect or consequential loss or damage whatsoever arising from, or in connection with, the use of this Guide.

Flymen Hook and Bead Compatability Guide

Version 2.0

√	The Green (tick) means the bead <u>does</u> fit the hook.
x	The Red (cross) means the bead <u>does not</u> fit the hook.
	White Cells mean that no testing has been done.
